

TELEHOUSE NEW YORK CHELSEA

Our company's newest location, *TELEHOUSE New York Chelsea*, located between Manhattan's Chelsea and Meat-Packing districts at 85 10th Avenue, will be open for business on January 24, 2011. This 7th floor, state-of-the-art facility offers 60,000 square feet of colocation space, accessible to authorized Client personnel on a 24/7 basis, along with the full scope of TELEHOUSE's IT support services ranging from "remote- hands" to the full "Manage-E" family of IT services.

This carrier-neutral facility offers a choice of ten (10) different telecommunications providers, connected through the latest high performance DSR-MDF-IDF cabling infrastructure via low monthly cross connect fees.

Furthermore, our Customer's IT resources will be protected by our redundant, best-in-class N+1 power infrastructure and security measures, including perimeter mantrap with biometric access and 24/7 security personnel.

Plus, "Chelsea" offers connection to *NYIIX* (New York International Internet eXchange), NY's largest, most active IP peering exchange, ranking in the top 10 internationally. The *NYIIX* offers dual-redundant fiber connections to its extension at other popular carrier hotels, including 25 Broadway,, 111 Eighth Avenue, 60 Hudson Street and 7 Teleport Drive now. Plans for additional upgrades and expansion will be announced soon.
